Resource – AUSLAN language resource

Auslan

Language support resource

The Auslan Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Auslan. It is optional and includes illustrative examples of language and language use.

Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Auslan for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions combined with beginner language features and structures, and/or thematic contexts.

Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Comprehension

- reads and views complex texts (see Text complexity)
- identifies the main themes or concepts in complex texts by synthesising key ideas or information
- summarises the text, identifying key details only
- draws inferences, synthesising clues and evidence across a text
- builds meaning by actively linking ideas from a number of texts or a range of digital sources
- distils information from a number of texts according to task and purpose (e.g. uses graphic organisers)
- identifies different interpretations of the text citing evidence from a text
- evaluates language features for relevance to purpose and audience
- analyses texts that have more than one purpose and explains how parts of the text support a particular purpose
- analyses the use of language appropriate to different types of texts (e.g. compare the use of pun in imaginative and persuasive texts)
- identifies techniques used to obscure author's purpose (e.g. inclusion or omission of content)

Processes

- uses processes such as predicting, confirming predictions, monitoring, and connecting relevant elements of the text to build or repair meaning
- uses knowledge of a broader range of cohesive devices to track meaning (e.g. word associations) (see Grammar)
- selects reading or viewing strategies appropriate to reading purpose (e.g. scans text for evidence)
- judiciously selects texts for learning area tasks and purposes

Vocabulary

- identifies language used to create tone or atmosphere
- analyses language and visual features in texts using metalanguage (e.g. cohesion, interpretation, figurative)
- applies knowledge of base words and word origins to understand the meaning of unfamiliar, discipline-specific words
- uses a range of context and grammatical cues to understand unfamiliar words
- interprets complex figurative language (e.g. euphemisms, hyperbole)

Comprehension

- reads and views complex or some highly complex texts (see Text complexity)
- interprets abstract concepts integrating complex ideas
- analyses how language features are used to support the point of view in a text (e.g. the strategic use of images such as a cartoon in an editorial)
- draws inferences using evidence from the text and discounting possible inferences that are not supported by the text
- applies and articulates criteria to evaluate the language structures and features for relevance to purpose and audience
- evaluates the reasoning and evidence in a persuasive text
- explains how context (e.g. time, place, situation) influences interpretations of a text
- analyses the author's perspectives in complex or some highly complex texts
- analyses the techniques authors use to position readers
- recognises when ideas or evidence have been omitted from a text to position the reader

Processes

- automatically integrates a range of processes such as predicting, confirming predictions, monitoring and connecting relevant elements of the text, to build meaning
- describes how sophisticated cohesive devices establish patterns of meaning (e.g. "class" – "subclass")
- navigates extended texts including complex digital texts

Vocabulary

- demonstrates an understanding of nuances and subtleties in words of similar meaning (e.g. "frustrated", "discouraged", "baffled")

- verifies interpretations of unfamiliar words using grammatical and contextual cues

Comprehension

- reads and views highly complex texts (see Text complexity)
- interprets symbolism in texts, providing evidence to justify interpretation
- judiciously selects and synthesises evidence from multiple texts to support ideas and arguments
- analyses the credibility and validity of primary and secondary sources
- evaluates the use of devices such as analogy, irony, rhetoric and satire, and how they contribute to an author's individual style
- analyses the cumulative impact of use of language features and vocabulary across texts
- explains assumptions, beliefs and implicit values in texts (e.g. "economic growth is always desirable")
- evaluates the social, moral and ethical positions taken in texts

Processes

- strategically adjusts the processes of reading and viewing to build meaning according to the demands of tasks and texts
- identifies subtle contradictions and inconsistencies in texts

Vocabulary

- interprets complex, formal and impersonal language in academic texts
- uses lexical cues to interpret unfamiliar vocabulary
- demonstrates self-reliance in exploration and application of word learning strategies

Elaborations

- exploring the of popular English and with non-compositional meaning, for example, 'It's raining cats and dogs'
- considering why one may use more /signs than another to meaning, for example, when Auslan uses spatial concepts or
- considering approaches to , such as simultaneous or consecutive, and the uses of each approach
- analysing the of Auslan poems or short stories into English captions, with a focus on how people's appearance and movements are described
- exploring the role of Deaf interpreters and differences between Deaf interpreters and hearing Auslan-English interpreters and how they use to depict aspect and manner
- exploring different types of communicating and , such as the use of tactile signing, haptics and visual frames
- analysing how elements of creative , such as choices, are communicated through interpreters in a live setting such as music concerts or theatre events
- transcribing part of a using , including the signs and used

Students learn to:

interpret and adjust signed, visual and written language to convey meaning in a range of familiar and unfamiliar cultural contexts

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Crafting ideas

- creates informative texts that describe, explain and document (e.g. describe an artwork, document the materials and explain why it was created)
- selects structural elements to comprehensively and accurately represent the information (e.g. a fact sheet includes an opening statement, labelled diagrams and text boxes)
- orients the reader to the topic or concept using a definition or classification
- develops ideas with details and examples
- uses ideas derived from research
- uses written and visual supporting evidence

Text forms and features

- uses cohesive devices to link concepts across texts (e.g. uses lexical cohesion such as word associations and synonyms)
- uses cohesive devices to express cause and effect (e.g. uses text connectives such as "therefore", "subsequently")
- includes salient visual and audio features to expand on written information (e.g. creates graphs and other technical diagrams from authentic data)
- uses language to compare (e.g. "alternatively", "whereas")
- uses formatting appropriately to reference and label graphics

Vocabulary

- uses a range of learnt, technical and discipline-specific terms (e.g. "adapt", "survive")
- uses more sophisticated words to express cause and effect (e.g. "therefore", "subsequently")

Crafting ideas

- creates informative texts to explain and analyse (e.g. analyses how artists use visual conventions in artworks)
- creates texts to compare and contrast phenomena (e.g. identify the similarities and differences between species of animals)
- orients the reader clearly to the topic or concept (e.g. using a definition or classification in the opening paragraph)
- intentionally selects structural elements for effect (e.g. includes an effective conclusion that synthesises complex ideas)
- uses evidence and research including digital resources to expand upon information and elaborate concepts

Text forms and features

- varies sentence structure for effect (see Grammar)
- judiciously uses language, visual and audio features to emotionally or intellectually affect the reader
- uses more elaborate noun groups/phrases that include classifying adjectives and specific nouns (e.g. "mineral component of sedimentary rocks")
- creates cohesive flow by condensing previous information into a summarising noun (e.g. "A series of tumultuous events culminated in the outbreak of WWI - modern history's turning point.")
- uses passive voice and nominalisation to write succinctly (e.g. "the results were analysed") (see Grammar)

Vocabulary

- uses discipline-specific terminology to provide accurate and explicit information (e.g. "discipline metalanguage")
- uses a range of synonyms for frequently occurring words, in a longer text (e.g. "repair", "fix", "remedy")
- uses vocabulary to indicate and describe relationships (e.g. "additionally", "similarly")

Crafting ideas

- creates sustained, informative texts that precisely explain, analyse and evaluate concepts or abstract entities
- uses structural features flexibly to organise ideas strategically (e.g. includes a defined, cogent

conclusion or summation)

- creates texts with forms and features combined strategically for purpose (e.g. describes a historical event from the perspective of a secondary source)
- uses evidence and references
- creates succinct short-answer explanatory texts as well as complex, multi-staged extended texts

Text forms and features

- maintains tone appropriate to the audience
- uses extended noun groups/phrases including adjectival phrases (e.g. "a sturdy construction with modern design features") (see Grammar)

Vocabulary

- uses complex abstractions (e.g. "economic", "sociocultural")

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Crafting ideas

- creates imaginative texts that experiment with textual features (e.g. reinterprets or creates alternative versions of songs or stories)
- selects structural elements to suit the purpose (e.g. uses a series of events to build a complication, includes an ending that resolves the complication)
- uses ideas that support a less familiar underpinning theme or concept (e.g. survival or heroism)
- uses actions and events to develop the character
- orients the reader to the imaginary premise (e.g. character/s and situation and may pre-empt the conclusion)
- creates a cohesive text by integrating narrative elements (e.g. character, setting and events)

Text forms and features

- uses cohesive devices to develop ideas across the text (e.g. uses lexical cohesion such as word associations and synonyms)
- includes salient visual and audio features to enhance the text
- intentionally tightens a text by leaving out words that can be readily inferred from the context (e.g. "Kokou must be hungry. But he was not [hungry].")
- selects a point of view appropriate to the purpose and audience
- uses figurative devices such as personification and metaphor (e.g. "the fairy lights danced along the street")

Vocabulary

- uses vivid and less predictable vocabulary to affect the reader (e.g. "stroll", "prowl" for "walk")
- uses words to create imagery (e.g. "the wind whistled and swirled around her")
- uses vocabulary to evoke humour (e.g. pun)

Crafting ideas

- creates imaginative texts with less predictable features to emotionally and intellectually engage the reader (e.g. writes to convey character perspective)
- includes relevant, rich, evocative description
- uses literary techniques such as dialogue and vivid description, to carry the plot, develop character and create a sense of place and atmosphere
- intentionally selects structural features (e.g. includes an unpredictable ending or circular plot)
- generates, selects and crafts ideas to support a theme
- selects text form or type to effectively support ideas (e.g. adventure story, short video which provides a fictional representation of a real event)

Text forms and features

- uses language features to engage reader (e.g. uses sensory imagery to build atmosphere)
- uses a range of figurative devices to effectively impact the reader (e.g. well-crafted metaphor)

- includes visual and audio resources to evoke mood or atmosphere of text
- varies sentence structure for effect (see Grammar)

Vocabulary

- uses words that create connotations (e.g. "startled", "dismayed")
- uses language that evokes an emotional response (e.g. "a piercing scream echoed through the valley")

Crafting ideas

- creates sustained texts that develop more abstract themes or concepts in imaginative ways
- uses structural features flexibly to organise ideas strategically (e.g. deliberate repetition to reinforce a point or create a rhythmic flow)
- develops an imaginative text around a theme or social issue

Text forms and features

- uses stylistic features for effect (e.g. narrates from an omniscient point of view)
- uses recurring imagery for cohesion
- uses language to create humour (e.g. irony, satire)
- uses complementary noun and verb groups (e.g. "Through narrowed eyes she scrutinised the haggard face.") (see Grammar)

Vocabulary

- uses vocabulary for precision (e.g. "shrouded" for "covered")
- uses figurative language to create subtle and complex meaning (e.g. "offering a silent prayer to the deaf sky")

•

Elaborations

- identifying and applying movements of signs, such as local and path movements, for example, local movement – HAVE, path movement – DAY (sideways)
- applying the various types and functions of , such as movements of the eyebrows, eyes, nose, mouth, cheeks, shoulders and body
- using that represent a whole object or part of an object such as the body or the legs
- modifying dominant and non-dominant hands for effect or using one hand only to the same meaning as the original 2-hand sign
- understanding and applying the need to modify for emphasis, in familiar and unfamiliar , such as when recounting an exciting event
- understanding that the elements of a sign can be arbitrary, such as the handshape or movement of the sign WHY, or that the handshape and movement may be meaningful, such as in the sign GIVE
- applying the fluid patterns of rather than speed, and the use of exaggerated for emphasis, for example, when clarifying a name
- recognising that Auslan has fully-lexical signs that may be found in the dictionary, and standard and that cannot be listed in a dictionary in all forms, for example, when changes the form each time they are signed
- comparing the production of a signed discourse with and without mouth

Resource – AUSLAN language resource

Auslan

Language support resource

The Auslan Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Auslan. It is optional and includes illustrative examples of language and language use.

Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Auslan for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions combined with beginner language features and structures, and/or thematic contexts.

Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Grammatical accuracy

- makes few grammatical errors, such as inappropriate tense selections or lack of agreement between subject and verb

Group and word level

- uses an extended range of verbs and verb groups for a particular effect (e.g. characterisation - "howls", "was trembling"; and expressing causality – "results in")
- adjusts tense in a text if required (e.g. uses simple present tense to represent "timeless" happenings (e.g. "bears hibernate in winter") and uses continuous present tense when referring to an ongoing event (e.g. "bears are becoming extinct")
- creates elaborated noun groups to build richer description by extending the noun group/phrase (e.g. "that naughty, little cattle dog, with the crooked tail, that ran away last week")
- uses possessive pronouns (e.g. "his", "hers", "theirs") and relative pronouns (e.g. "who", "which", "whom")
- uses adverbials to represent a greater range of circumstances (e.g. time – "subsequently"; place – "in their environment"; manner – "excitedly"; reason – "due to several factors")

Sentence level

- selects simple, compound and complex sentences to express and connect ideas, occasionally manipulating the structure for emphasis, clarity or effect
- uses subordinating conjunctions (e.g. "even though" in "Even though a storm was predicted, the search and rescue mission still went ahead.")

Whole text level

- uses cohesive devices to alert the reader about how the text is unfolding (e.g. foreshadowing the key points at the beginning, reinforcing the key points with topic sentences, and linking back to key points in the conclusion)

Grammatical accuracy

- writes well-structured texts, rarely making grammatical errors

Group and word level

- presents elaborated verb groups that capture nuances and complex expressions of time and probability (e.g. "he was thought to have been arriving late"; "the errors could be attributed to faulty equipment")
- selects from succinct noun groups/phrases through to highly elaborated noun groups/phrases for effect, clarity or complexity of description
- uses nominalisations to create concise noun groups/phrases
- intentionally uses a wide array of adverbials to represent a greater variety of circumstances (e.g. "with whom?" "to what extent?" "how much?" "in what role?" "by what means?" "in what manner?" "compared to what?")
- maintains subject-verb agreement in complex sentences

Sentence level

- crafts both compact and lengthy sentences with challenging structures, such as embedded/relative clauses, non-finite clauses, interrupting clauses, nominalisations, passive voice
- makes more sophisticated connections between ideas by creating complex sentences expressing relationships of cause, reason, concession

Whole text level

- uses a wide range of cohesive devices such as text connectives that link sentences and paragraphs, and patterns of meaning (e.g. part-whole, class-subclass, compare-contrast, cause and effect)
