## **Resource – Hindi language resource**

### **Hindi**

#### **Language support resource**

The Hindi Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Hindi. It is optional and includes illustrative examples of language and language use.

## Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Hindi for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions combined with beginner language features and structures, and/or thematic contexts.

### Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

### Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

#### Elaborations

- discussing the meaning of Hindi expressions and that may be unfamiliar to non-Hindi speakers and working out how to explain these, such as the way that elders greet children by holding their hand over the child's head and saying **आपका हाथ धरकर** or bowing to show respect, addressing older siblings as **भाई** rather than **बहिन**
- comparing use at home, school and in the community, for example, identifying differences in ways of thanking someone or asking for help, or the use of nicknames or terms of affection, such as **ममू**, **पपू**, **ममूजी**, **पपूजी** - **ममूजी** **पपूजी**
- recognising and expressions in Hindi that reflect traditions and distinctions that are not easily translated into English, for example, forms of such as **गुरुजी** for a spiritual leader, **शिक्षक** for a male teacher, **वृद्ध** for an older male person and **स्वामी** as a mode of greeting in villages
- translating popular children's , songs and stories into English, for example, **मूँ-मूँ मूँ मूँ** **मूँ मूँ**; **मूँ मूँ**, noticing that are difficult to or explain
- translating signs or in familiar from Hindi into English, for example, street signs, and food labels, noting that some signs and symbols are universal, for example, the recycle sign is similar in many countries
- creating resources to use in class to reinforce learning and exposure to concepts, such as pattern charts, a class digital dictionary, a board game or an alphabet bank with beginning with the same letter, for example, **ममू**, **ममूजी**, **ममूजी**
- recognising that some Australian terms, and expressions are only meaningful in the Australian and have no equivalent in Hindi, for example, 'bush walking', 'break a leg', 'no worries'

- writes compound sentences using common conjunctions (e.g. "My house is big but the garden is

small.")

- makes plausible attempts to write unfamiliar words phonetically (e.g. "enjɪn" for "engine") (see Spelling)
- uses capital letters correctly to indicate proper nouns (see Punctuation)
- uses capital letters at the start and full stops at the end of sentences (see Punctuation)
- spells some high-frequency words correctly (see Spelling)
- uses appropriate key words to represent simple concepts (e.g. "aunty", "sister", "cousin" in a text about family)

### **Vocabulary**

- uses adjectives to add meaning by describing qualities or features (e.g. "small", "long", "red") (see Grammar)
- uses words in own writing adopted from other writers
- uses simple words to add clarity to ideas (e.g. modifying and qualifying words such as "very")

### **Crafting ideas**

- creates texts for a range of purposes such as observing and describing, providing reasons, expressing thoughts and feelings about a topic
- includes 4 or more simply stated and clearly connected ideas (e.g. introduces a topic and includes one or 2 facts; states an opinion with a reason; gives a recount of an event)
- includes a simple introduction to orient the reader (e.g. states a fact to introduce a report; states an opinion to introduce an argument; introduces a character to begin a narrative)
- writes ideas appropriate to a task or topic in sequenced sentences (e.g. writes informative texts with all the facts related to the topic)
- selects and discards ideas to make texts suitable for familiar audiences and purposes

### **Text forms and features**

- writes simple, compound and some complex sentences related to a topic using a broader range of conjunctions (e.g. "and", "but", "so", "because", "when") (see Grammar)
- maintains tense within a sentence (see Grammar)
- selects images to complement writing
- spells many high-frequency words correctly (see Spelling)
- uses sentence punctuation correctly (e.g. !, ?) (see Punctuation)
- uses noun groups/phrases to add detail (e.g. "the tomato plant in the pot") (see Grammar)
- uses a range of simple cohesive devices such as pronoun referencing and sequencing connectives
- uses adverbs to give precise meaning to verbs (e.g. "talking loudly") (see Grammar)

### **Vocabulary**

- uses a range of qualifying words (e.g. "every day"; "action movie")
- selects more specific adjectives (e.g. "giant" for "tall"; "golden" for "yellow")
- uses learning area topic vocabulary (e.g. "natural")
- uses common homophones correctly (e.g. "two", "too", "to")
- uses common idiomatic and colloquial phrases (e.g. "a piece of cake")

## Resource – Hindi language resource

# Hindi

## Language support resource

The Hindi Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Hindi. It is optional and includes illustrative examples of language and language use.

## Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Hindi for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions combined with beginner language features and structures, and/or thematic contexts.

## Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

## Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

By the end of Year 4, students use Hindi language to initiate structured interactions to share information related to the classroom and their personal worlds. They use modelled language to participate in spoken and written activities that involve planning. They locate and respond to key items of information in texts using strategies to help interpret and convey meaning in familiar contexts. They use modelled language and basic syntax to create texts, using Devanāgarī script as appropriate.

Students imitate sound combinations and rhythms of spoken Hindi. They demonstrate understanding that Hindi has non-verbal, spoken and written language conventions and rules to create and make meaning. They recognise that some terms have cultural meanings. They identify patterns in Hindi and make comparisons between Hindi and English. They understand that the Hindi language is connected with culture, and identify how this is reflected in their own language(s) and culture(s).
