### **Health and Physical Education**

#### **Focus areas**

The focus areas provide the breadth of learning across Foundation to Year 10 that students require to demonstrate the knowledge, understanding and skills described in the achievement standard for each band of learning.

#### **Introduction**

The content descriptions in the Australian Curriculum: Health and Physical Education must be taught through 12 focus areas:

- Alcohol and other drugs
- Food and nutrition
- Health benefits of physical activity
- Mental health and wellbeing
- Relationships and sexuality
- Safety
- Active play and minor games
- Challenges and adventure activities
- Fundamental movement skills
- Games and sports
- Lifelong physical activities
- Rhythmic and expressive activities

The focus areas provide the breadth of learning across Foundation to Year 10 that students require to demonstrate the knowledge, understanding and skills described in the achievement standard for each band of learning.

The band level descriptions provide guidance about how each focus area can be addressed in the band.

Content elaborations provide further detail about how and when elements of the focus areas can be addressed in bands of learning.

Decisions about the specific timing of individual aspects of each focus area being taught are the responsibility of schools and teachers. Planning decisions should consider local needs, available resources, students' readiness and community priorities.

## **Resource – WS02 - Tactics**

By the end of Year 10, students propose and evaluate personal strategies to manage their identities, emotions and responses to change. They evaluate how attitudes and beliefs about equality, respect, diversity and inclusion influence the nature and quality of relationships. Students propose and justify strategies to manage online and offline situations where their own or others' health, safety, relationships or wellbeing may be at risk. They synthesise health information from credible

sources to propose and justify strategies to enhance their own and others' health, safety, relationships and wellbeing. Students evaluate and refine their own and others' movement skills and performances, and apply movement concepts in challenging or unfamiliar situations. They adapt and transfer movement strategies to unfamiliar situations to achieve successful outcomes. Students propose and evaluate community-based physical activity interventions designed to improve the health, fitness and wellbeing of themselves and others. They apply and evaluate leadership approaches, collaboration strategies and ethical behaviours across a range of movement contexts.

### **Literacy: Writing: Creating texts**

#### **Content description**

AC9HP10M06

#### **Learning progression extract**

The following learning progression extract shows the alignment of the learning progression with this content.

#### **Crafting ideas**

- creates informative texts for a broader range of learning area purposes (e.g. explains a life cycle of a butterfly, recounts a process, describes an artwork)
- includes structural features appropriate to the type of text and task such as opening statements to define the topic and at least 2 body paragraphs
- includes ideas which are relevant to the topic and purpose of the text
- organises information into paragraphs to support the reader
- includes a relevant graphic to support the reader (e.g. diagram or photo)

#### **Text forms and features**

- uses cohesive devices to signpost sections of text (e.g. uses text connectives such as "finally", "as a result", "in addition")
- uses present or timeless present tense consistently throughout text (e.g. "bears hibernate in

winter") (see Grammar)

- selects visual and audio features to expand ideas in written texts (e.g. diagrams, tables, images)
- uses adjectives to create more accurate description (e.g. "the warm-blooded mammal") (see Grammar)

### **Vocabulary**

- uses a range of technical and subject specific words to add detail and authority to information (e.g. "hibernate" instead of "sleep")

### **Crafting ideas**

- creates informative texts that describe, explain and document (e.g. describe an artwork, document the materials and explain why it was created)
- selects structural elements to comprehensively and accurately represent the information (e.g. a fact sheet includes an opening statement, labelled diagrams and text boxes)
- orients the reader to the topic or concept using a definition or classification
- develops ideas with details and examples
- uses ideas derived from research
- uses written and visual supporting evidence

### **Text forms and features**

- uses cohesive devices to link concepts across texts (e.g. uses lexical cohesion such as word associations and synonyms)
- uses cohesive devices to express cause and effect (e.g. uses text connectives such as "therefore", "subsequently")
- includes salient visual and audio features to expand on written information (e.g. creates graphs and other technical diagrams from authentic data)
- uses language to compare (e.g. "alternatively", "whereas")
- uses formatting appropriately to reference and label graphics

### **Vocabulary**

- uses a range of learnt, technical and discipline-specific terms (e.g. "adapt", "survive")
- uses more sophisticated words to express cause and effect (e.g. "therefore", "subsequently")

### **Crafting ideas**

- creates informative texts to explain and analyse (e.g. analyses how artists use visual conventions in artworks)
- creates texts to compare and contrast phenomena (e.g. identify the similarities and differences between species of animals)
- orients the reader clearly to the topic or concept (e.g. using a definition or classification in the opening paragraph)
- intentionally selects structural elements for effect (e.g. includes an effective conclusion that synthesises complex ideas)
- uses evidence and research including digital resources to expand upon information and elaborate concepts

### **Text forms and features**

- varies sentence structure for effect (see Grammar)
- judiciously uses language, visual and audio features to emotionally or intellectually affect the reader
- uses more elaborate noun groups/phrases that include classifying adjectives and specific nouns (e.g. "mineral component of sedimentary rocks")
- creates cohesive flow by condensing previous information into a summarising noun (e.g. "A series of tumultuous events culminated in the outbreak of WWI - modern history's turning point.")
- uses passive voice and nominalisation to write succinctly (e.g. "the results were analysed") (see Grammar)

### **Vocabulary**

- uses discipline-specific terminology to provide accurate and explicit information (e.g. "discipline metalanguage")
- uses a range of synonyms for frequently occurring words, in a longer text (e.g. "repair", "fix", "remedy")
- uses vocabulary to indicate and describe relationships (e.g. "additionally", "similarly")

## Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

### Crafting ideas

- creates persuasive texts for a broader range of learning area purposes (e.g. designs a healthy food campaign)
- includes structural features appropriate to the type of text and task such as an introduction with a statement of position, body paragraphs and simple conclusion
- presents a position and supports it with one or a few simply stated arguments
- includes arguments and ideas which are relevant to the purpose of the text
- organises arguments into paragraphs to support the reader
- concludes by restating

### Text forms and features

- uses cohesive devices to link points in an argument (e.g. uses text connectives such as "however", "on the other hand")
- uses some rhetorical devices such as repetition
- uses adjectives to persuade (e.g. "dangerous behaviour")
- uses simple modal verbs and adverbs (e.g. "should", "will", "quickly")
- selects visual and audio features to expand argument in written texts (e.g. images, music)
- uses inclusive language (e.g. "we cannot allow this to happen")

### Vocabulary

- uses a range of learnt topic words to add credibility to arguments

### Crafting ideas

- creates persuasive texts that take a position and supports it with arguments (e.g. examines the benefits of physical activity to health and wellbeing)
- selects structural elements to suit the purpose (e.g. introduces an argument with a clearly articulated statement of position)
- includes 2 or more elaborated arguments
- develops a clear persuasive line through inclusion of a number of arguments with supporting points
- orients the reader to the persuasive premise of the text
- concludes by synthesising the arguments

### Text forms and features

- uses cohesive devices to link arguments, evidence and reasons (e.g. uses text connectives such as "therefore", "furthermore")
- includes salient visual and audio features to complement written ideas
- uses vocabulary to position the reader (e.g. precise nouns and adjectives)
- uses a broader range of modal verbs and adverbs (e.g. "definitely")

### Vocabulary

- uses words to express cause and effect (e.g. "consequently", "thus")
- selects vocabulary to persuade (e.g. uses words to introduce an argument such as "obviously")
- uses technical and topic specific words to add authority (e.g. "innovative design", "solution")

### Crafting ideas

- creates persuasive texts to discuss, evaluate and review (e.g. evaluates and reviews design ideas)
- includes persuasive points with effective elaborations and supporting evidence
- intentionally selects structural elements for effect (e.g. includes an appropriate conclusion that sums up, recommends or reiterates)
- includes counter argument or refutation if appropriate
- uses evidence and research including digital resources to expand upon information and elaborate concepts

### Text forms and features

- uses rhetorical devices such as rhetorical questions
- varies sentence structure for effect (see Grammar)
- judiciously uses language, visual and audio features to emotionally or intellectually affect the audience
- skilfully uses a range of cohesive devices to make connections between arguments (e.g. foreshadows key points in introduction and reinforces key points in topic sentences)

- judiciously selects evidence and language to strengthen arguments
- uses passive voice and nominalisation strategically to avoid stating the actor in the sentence (e.g. "an expectation of failure became common")

### **Vocabulary**

- uses a range of synonyms for frequently occurring words, in a longer text (e.g. "impact", "consequence", "result")
- uses topic-specific vocabulary to add credibility and weight to arguments (e.g. "cadence", "interplanetary", "silt")
- uses language that evokes an emotional response (e.g. "Although they faced relentless opposition, the netballers triumphed.")
- uses words that create connotations (e.g. "miserly", "frugal")

### **Literacy: Reading and viewing: Understanding texts**

#### **Content description**

AC9HP10M06

#### **Learning progression extract**

The following learning progression extract shows the alignment of the learning progression with this content.

#### **Comprehension**

- reads and views some moderately complex texts (see Text complexity)
- accurately retells a text including most relevant details
- identifies main idea and related or supporting ideas in moderately complex texts (see Text complexity)
- evaluates the accuracy within and across texts on the same topic
- explains how authors use evidence and supporting detail to build and verify ideas
- draws inferences and verifies using textual evidence

#### **Processes**

- monitors reading for meaning using grammatical and contextual knowledge (see Fluency)
- explains how textual features support the text's purpose
- identifies and explains techniques used to present perspective (e.g. emotive or descriptive language, order in which ideas are presented)
- predicts the development of ideas based on a partial read (e.g. predicts the final chapter of a narrative, drawing on understanding of the textual features in the previous chapters)
- uses prior knowledge and context to read unknown words (e.g. uses morphemic knowledge of "explosion" to decode "explosive" and uses context and knowledge of metaphorical use of language to understand "explosive outburst")
- uses knowledge of cohesive devices to track meaning throughout a text (e.g. connectives such as "however", "on the other hand") (see Grammar)
- uses knowledge of the features and conventions of the type of text to build meaning (e.g. recognises that the beginning of a persuasive text may introduce the topic and the line of argument)
- identifies language features used to present opinions or points of view
- skims and scans texts for key words to track the development of ideas
- uses sophisticated punctuation to support meaning (e.g. commas to separate clauses in complex

sentences)

### **Vocabulary**

- uses knowledge of prefixes and suffixes to read and interpret unfamiliar words
- identifies how technical and discipline-specific words develop meaning in texts
- analyses the effect of antonyms, synonyms and idiomatic language
- understands precise meaning of words with similar connotations (e.g. "generous", "kind-hearted", "charitable")

### **Comprehension**

- reads and views complex texts (see Text complexity)
- identifies the main themes or concepts in complex texts by synthesising key ideas or information
- summarises the text, identifying key details only
- draws inferences, synthesising clues and evidence across a text
- builds meaning by actively linking ideas from a number of texts or a range of digital sources
- distils information from a number of texts according to task and purpose (e.g. uses graphic organisers)
- identifies different interpretations of the text citing evidence from a text
- evaluates language features for relevance to purpose and audience
- analyses texts that have more than one purpose and explains how parts of the text support a particular purpose
- analyses the use of language appropriate to different types of texts (e.g. compare the use of pun in imaginative and persuasive texts)
- identifies techniques used to obscure author's purpose (e.g. inclusion or omission of content)

### **Processes**

- uses processes such as predicting, confirming predictions, monitoring, and connecting relevant elements of the text to build or repair meaning
- uses knowledge of a broader range of cohesive devices to track meaning (e.g. word associations) (see Grammar)
- selects reading or viewing strategies appropriate to reading purpose (e.g. scans text for evidence)
- judiciously selects texts for learning area tasks and purposes

### **Vocabulary**

- identifies language used to create tone or atmosphere
- analyses language and visual features in texts using metalanguage (e.g. cohesion, interpretation, figurative)
- applies knowledge of base words and word origins to understand the meaning of unfamiliar, discipline-specific words
- uses a range of context and grammatical cues to understand unfamiliar words
- interprets complex figurative language (e.g. euphemisms, hyperbole)

### **Comprehension**

- reads and views complex or some highly complex texts (see Text complexity)
- interprets abstract concepts integrating complex ideas
- analyses how language features are used to support the point of view in a text (e.g. the strategic use of images such as a cartoon in an editorial)
- draws inferences using evidence from the text and discounting possible inferences that are not supported by the text
- applies and articulates criteria to evaluate the language structures and features for relevance to purpose and audience
- evaluates the reasoning and evidence in a persuasive text
- explains how context (e.g. time, place, situation) influences interpretations of a text
- analyses the author's perspectives in complex or some highly complex texts
- analyses the techniques authors use to position readers
- recognises when ideas or evidence have been omitted from a text to position the reader

### **Processes**

- automatically integrates a range of processes such as predicting, confirming predictions, monitoring and connecting relevant elements of the text, to build meaning
- describes how sophisticated cohesive devices establish patterns of meaning (e.g. "class" –

"subclass")

- navigates extended texts including complex digital texts

### **Vocabulary**

- demonstrates an understanding of nuances and subtleties in words of similar meaning (e.g. "frustrated", "discouraged", "baffled")
- verifies interpretations of unfamiliar words using grammatical and contextual cues

## **AC9HP10M07**

**transfer and adapt skills and strategies from previous experiences to create successful outcomes in unfamiliar**

- 
- 

### **Elaborations**

- drawing parallels between successful in one sporting situation and how similar strategies could be used effectively in a different sport
- speculating on possible outcomes of innovative solutions to based on past experiences when participating in outdoor or nature-based activities, such as rope climbing, bushwalking, abseiling or kayaking
- reflecting on the effectiveness of movement solutions, suggesting improvements that can be made and proposing how the solution can be transferred to other movement situations

Students learn to:

**transfer and adapt skills and strategies from previous experiences to create successful outcomes in unfamiliar movement situations**
