Resource – Korean language resource

Korean

Language support resource

The Korean Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Korean. It is optional and includes illustrative examples of language and language use.

Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Korean for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions

combined with beginner language features and structures, and/or thematic contexts.

Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Comprehension

- reads and views elementary texts (see Text complexity)
- locates information or details embedded in the text
- identifies the main idea in an elementary text
- identifies the purpose of a broad range of informative, imaginative and persuasive texts (e.g. advertisements, diary entry)
- draws inferences and identifies supporting evidence in the text
- monitors the development of ideas using language and visual features (e.g. topic sentences, key verbs, graphs)
- recognises that texts can present different points of view
- distinguishes between fact and opinion in texts
- compares and contrasts texts on the same topic to identify how authors represent the same ideas differently

Processes

- integrates phonic knowledge, word recognition skills, grammatical and contextual knowledge to read elementary texts (see Phonic knowledge and word recognition and Fluency)
- identifies language features that signal purpose in an elementary text (e.g. diagrams, dialogue)
- uses strategies to predict and confirm meaning (e.g. uses sentence structure to predict how ideas will be developed)
- navigates texts using common signposting devices such as headings, subheadings, paragraphs, navigation bars and links

Vocabulary

- interprets creative use of figurative language (e.g. metaphor, simile, onomatopoeia)
- interprets unfamiliar words using grammatical knowledge, morphological knowledge and etymological knowledge
- describes the language and visual features of texts using metalanguage (e.g. grammatical terms such as "cohesion", "tense", "noun groups/phrases")
- recognises how synonyms are used to enhance a text (e.g. "transport", "carry", "transfer")
- draws on knowledge of word origin to work out meaning of discipline-specific terms (e.g. "universe")
- recognises how evaluative and modal words are used to influence the reader (e.g. "important", "should", "dirty")

Comprehension

- reads and views some moderately complex texts (see Text complexity)
- accurately retells a text including most relevant details
- identifies main idea and related or supporting ideas in moderately complex texts (see Text complexity)
- evaluates the accuracy within and across texts on the same topic
- explains how authors use evidence and supporting detail to build and verify ideas
- draws inferences and verifies using textual evidence

Processes

- monitors reading for meaning using grammatical and contextual knowledge (see Fluency)
- explains how textual features support the text's purpose
- identifies and explains techniques used to present perspective (e.g. emotive or descriptive language, order in which ideas are presented)
- predicts the development of ideas based on a partial read (e.g. predicts the final chapter of a narrative, drawing on understanding of the textual features in the previous chapters)
- uses prior knowledge and context to read unknown words (e.g. uses morphemic knowledge of "explosion" to decode "explosive" and uses context and knowledge of metaphorical use of language to understand "explosive outburst")
- uses knowledge of cohesive devices to track meaning throughout a text (e.g. connectives such as "however", "on the other hand") (see Grammar)
- uses knowledge of the features and conventions of the type of text to build meaning (e.g. recognises that the beginning of a persuasive text may introduce the topic and the line of argument)
- identifies language features used to present opinions or points of view
- skims and scans texts for key words to track the development of ideas
- uses sophisticated punctuation to support meaning (e.g. commas to separate clauses in complex sentences)

Vocabulary

- uses knowledge of prefixes and suffixes to read and interpret unfamiliar words
- identifies how technical and discipline-specific words develop meaning in texts
- analyses the effect of antonyms, synonyms and idiomatic language
- understands precise meaning of words with similar connotations (e.g. "generous", "kind-hearted", "charitable")

Comprehension

- reads and views complex texts (see Text complexity)
- identifies the main themes or concepts in complex texts by synthesising key ideas or information
- summarises the text, identifying key details only
- draws inferences, synthesising clues and evidence across a text
- builds meaning by actively linking ideas from a number of texts or a range of digital sources
- distils information from a number of texts according to task and purpose (e.g. uses graphic organisers)
- identifies different interpretations of the text citing evidence from a text
- evaluates language features for relevance to purpose and audience
- analyses texts that have more than one purpose and explains how parts of the text support a particular purpose
- analyses the use of language appropriate to different types of texts (e.g. compare the use of pun in imaginative and persuasive texts)
- identifies techniques used to obscure author's purpose (e.g. inclusion or omission of content)

Processes

- uses processes such as predicting, confirming predictions, monitoring, and connecting relevant elements of the text to build or repair meaning
- uses knowledge of a broader range of cohesive devices to track meaning (e.g. word associations) (see Grammar)
- selects reading or viewing strategies appropriate to reading purpose (e.g. scans text for evidence)
- judiciously selects texts for learning area tasks and purposes

Vocabulary

- identifies language used to create tone or atmosphere
- analyses language and visual features in texts using metalanguage (e.g. cohesion, interpretation, figurative)
- applies knowledge of base words and word origins to understand the meaning of unfamiliar, discipline-specific words

- locates information or details embedded in the text

- identifies the main idea in an elementary text
- identifies the purpose of a broad range of informative, imaginative and persuasive texts (e.g. advertisements, diary entry)
- draws inferences and identifies supporting evidence in the text
- monitors the development of ideas using language and visual features (e.g. topic sentences, key verbs, graphs)
- recognises that texts can present different points of view
- distinguishes between fact and opinion in texts
- compares and contrasts texts on the same topic to identify how authors represent the same ideas differently

Processes

- integrates phonic knowledge, word recognition skills, grammatical and contextual knowledge to read elementary texts (see Phonic knowledge and word recognition and Fluency)
- identifies language features that signal purpose in an elementary text (e.g. diagrams, dialogue)
- uses strategies to predict and confirm meaning (e.g. uses sentence structure to predict how ideas will be developed)
- navigates texts using common signposting devices such as headings, subheadings, paragraphs, navigation bars and links

Vocabulary

- interprets creative use of figurative language (e.g. metaphor, simile, onomatopoeia)
- interprets unfamiliar words using grammatical knowledge, morphological knowledge and etymological knowledge
- describes the language and visual features of texts using metalanguage (e.g. grammatical terms such as "cohesion", "tense", "noun groups/phrases")
- recognises how synonyms are used to enhance a text (e.g. "transport", "carry", "transfer")
- draws on knowledge of word origin to work out meaning of discipline-specific terms (e.g. "universe")
- recognises how evaluative and modal words are used to influence the reader (e.g. "important", "should", "dirty")

Comprehension

- reads and views some moderately complex texts (see Text complexity)
- accurately retells a text including most relevant details
- identifies main idea and related or supporting ideas in moderately complex texts (see Text complexity)

- explains how textual features support the text's purpose
- identifies and explains techniques used to present perspective (e.g. emotive or descriptive language, order in which ideas are presented)
- predicts the development of ideas based on a partial read (e.g. predicts the final chapter of a narrative, drawing on understanding of the textual features in the previous chapters)
- uses prior knowledge and context to read unknown words (e.g. uses morphemic knowledge of "explosion" to decode "explosive" and uses context and knowledge of metaphorical use of language to understand "explosive outburst")
- uses knowledge of cohesive devices to track meaning throughout a text (e.g. connectives such as "however", "on the other hand") (see Grammar)

Resource – WS01 - ■■■■ ■■ (Story writing)

By the end of Year 6, students initiate and use strategies to maintain interactions in Korean language that are related to their immediate environment. They use appropriate sound combinations, intonation and rhythm in spoken texts. They collaborate in spoken and written activities that involve the language of planning and problem-solving to share information, ideas and preferences. They use strategies to locate and interpret information and ideas in texts, and demonstrate understanding by responding in Korean or English, adjusting their response to context, purpose and audience. They create texts, selecting and using a variety of vocabulary and sentence structures to suit context. They sequence information and ideas, and write in hangeul, using conventions appropriate to text type.

Students apply rules of hangeul sound combinations, pronunciation and intonation in spoken Korean. They apply conventions of punctuation and use modelled structures when creating and responding in Korean. They compare language structures and features in Korean and English, using some metalanguage. They show understanding of how some language reflects cultural practices and consider how this is reflected in their own language(s), culture(s) and identity.

AC9LK6C05

Resource – Korean language resource

Korean

Language support resource

The Korean Language support resource was developed to support teachers as they plan teaching and learning programs to implement the Australian Curriculum: Korean. It is optional and includes illustrative examples of language and language use.

Introduction

The resource provides suggestions for sequential development in 2 parts:

- Part 1 – language features and structures
- Part 2 – thematic contexts for language use.

The content is presented in 3 broad levels: beginner, intermediate and advanced, and is independent of the year bands and sequences in the curriculum and the time spent on task.

Teachers can use suggestions in the resource to adapt curriculum content to meet the diverse language needs and learning backgrounds of students at different entry points into second language learning. For example, if a Year 5 student is learning Korean for the first time, a teacher can use the cognitive demand of the Years 5 and 6 curriculum achievement standards and content descriptions combined with beginner language features and structures, and/or thematic contexts.

Language features and structures

Part 1 provides language features and structures that are neither exhaustive nor mutually exclusive across the 3 different levels. Beginner, intermediate and advanced levels demonstrate how a particular feature or structure could be developed at different stages of a continuum of second language learning.

Thematic contexts for language use

Part 2 provides examples of thematic contexts for language use at beginner, intermediate and advanced levels. They are designed to give teachers ideas about how to support a progression of learning related to contexts and concepts of language use. Teachers are encouraged to adapt these to allow for student agency and to meet the needs, abilities and interests of their students, using the approaches, methodologies and pedagogies that best suit their students' learning.

Learning progression extract

The following learning progression extract shows the alignment of the learning progression with this content.

Grammatical accuracy

- writes generally accurate simple, compound and complex sentences with few run-on sentences and dangling clauses (e.g. "Because he was afraid.")

Group and word level

- uses a wide range of verbs and verb groups (e.g. uses thinking, feeling and perceiving verbs to represent inner processes; uses saying verbs to represent interaction)
- employs a range of tenses to represent processes
- maintains subject-verb agreement in simple and compound sentences
- uses adjectives in noun groups/phrases to include details of participants, give opinion and classify (e.g. "that naughty, little cattle dog")
- uses adverbials to present more surrounding details for time, place, manner and reason

Sentence level

- writes simple and compound sentences correctly including a range of sentence types (e.g. command, question, exclamation)
- writes complex sentences using conjunctions (e.g. "when", "because")

Whole text level

- uses cohesive devices (e.g. word groups – repetition, synonyms and antonyms; signposting devices – headings and subheadings; text connectives – "however", "on the other hand", "therefore")
- uses determiners to support cohesion (e.g. "this hat", "those apples")
- uses well-structured paragraphs with topic sentences

Grammatical accuracy

- makes few grammatical errors, such as inappropriate tense selections or lack of agreement between subject and verb

Group and word level

- uses an extended range of verbs and verb groups for a particular effect (e.g. characterisation - "howls", "was trembling"; and expressing causality – "results in")
- adjusts tense in a text if required (e.g. uses simple present tense to represent "timeless" happenings (e.g. "bears hibernate in winter") and uses continuous present tense when referring to an ongoing event (e.g. "bears are becoming extinct")
- creates elaborated noun groups to build richer description by extending the noun group/phrase (e.g. "that naughty, little cattle dog, with the crooked tail, that ran away last week")
- uses possessive pronouns (e.g. "his", "hers", "theirs") and relative pronouns (e.g. "who", "which", "whom")
- uses adverbials to represent a greater range of circumstances (e.g. time – "subsequently"; place – "in their environment"; manner – "excitedly"; reason – "due to several factors")

Sentence level

- selects simple, compound and complex sentences to express and connect ideas, occasionally manipulating the structure for emphasis, clarity or effect
- uses subordinating conjunctions (e.g. "even though" in "Even though a storm was predicted, the search and rescue mission still went ahead.")

Whole text level

- uses cohesive devices to alert the reader about how the text is unfolding (e.g. foreshadowing the key points at the beginning, reinforcing the key points with topic sentences, and linking back to

key points in the conclusion)

Grammatical accuracy

- writes well-structured texts, rarely making grammatical errors

Group and word level

- presents elaborated verb groups that capture nuances and complex expressions of time and probability (e.g. "he was thought to have been arriving late"; "the errors could be attributed to faulty equipment")
- selects from succinct noun groups/phrases through to highly elaborated noun groups/phrases for effect, clarity or complexity of description
- uses nominalisations to create concise noun groups/phrases
- intentionally uses a wide array of adverbials to represent a greater variety of circumstances (e.g. "with whom?" "to what extent?" "how much?" "in what role?" "by what means?" "in what manner?" "compared to what?")
- maintains subject-verb agreement in complex sentences

Sentence level

- crafts both compact and lengthy sentences with challenging structures, such as embedded/relative clauses, non-finite clauses, interrupting clauses, nominalisations, passive voice
- makes more sophisticated connections between ideas by creating complex sentences expressing relationships of cause, reason, concession

Whole text level

- uses a wide range of cohesive devices such as text connectives that link sentences and paragraphs, and patterns of meaning (e.g. part-whole, class-subclass, compare-contrast, cause and effect)

- uses apostrophes for plural possessives (e.g. "planes' wings")
- follows conventions of use of capitals in headings
- writes commas to separate clauses where appropriate
- punctuates more complex dialogue correctly (e.g. "The team have made some interesting recommendations," she said, nodding. "But I do not want to act upon them before I have read the full report.")
- uses complex punctuation conventions (e.g. colons, semicolons, brackets)
- uses punctuation conventions for quotations and referencing

By the end of Year 6, students initiate and use strategies to maintain interactions in Korean language that are related to their immediate environment. They use appropriate sound combinations, intonation and rhythm in spoken texts. They collaborate in spoken and written activities that involve the language of planning and problem-solving to share information, ideas and preferences. They use strategies to locate and interpret information and ideas in texts, and demonstrate understanding by responding in Korean or English, adjusting their response to context, purpose and audience. They create texts, selecting and using a variety of vocabulary and sentence structures to suit context. They sequence information and ideas, and write in hangeul, using conventions appropriate to text type.

Students apply rules of hangeul sound combinations, pronunciation and intonation in spoken Korean. They apply conventions of punctuation and use modelled structures when creating and responding in Korean. They compare language structures and features in Korean and English, using some metalanguage. They show understanding of how some language reflects cultural practices and consider how this is reflected in their own language(s), culture(s) and identity.
