

## **Level description: Years 7 and 8**

In Years 7 and 8, Korean language learning builds on each student's prior learning and experiences. Students use Korean, in person or via digital access, to interact and collaborate within and beyond the classroom. They listen, speak, read and view , and write to exchange information, ideas and opinions about their world. They work increasingly independently and in groups, and continue to receive feedback and support from peers and teachers.

Students access a range of spoken, written and multimodal texts from an increasing range of authentic sources which may include audio and video clips, online magazines, advertisements, stories and articles . They use their English literacy knowledge of metalanguage in an increasing range of contexts to reflect on similarities and differences between Korean and English language structures and features. They recognise that language choices reflect cultural identity , beliefs and values .

## **Achievement standard: Years 7 and 8**

By the end of Year 8, students initiate and maintain interactions in Korean language in familiar and some unfamiliar contexts related to a range of interests and experiences. They use Korean to collaborate and problem-solve, and adjust language in response to others. They interpret information, ideas and opinions in texts. They demonstrate understanding of similarities and differences between languages, in both familiar and some unfamiliar cultural contexts, by adjusting and reorganising responses. They select and use vocabulary, sentence structures and expressions to create texts.

Students apply the conventions of spoken Korean to develop fluency. They demonstrate understanding that spoken, written and multimodal texts use different language conventions, structures and features to convey meaning. They comment on structures and features of Korean text, using metalanguage. They reflect on how the Korean language, culture and identity are interconnected, and compare this with their own language(s), culture(s) and identity.
