Level description: Years 7 and 8

In Years 7 and 8, students are beginning their learning of French language, and this will be influenced by prior learning and experiences of language learning. Students use French language to describe their personal world and interact and collaborate with teachers and peers within and beyond the classroom. Listening, speaking, reading and viewing, and writing activities are supported by scaffolding, modelling and feedback. Students access authentic and purpose-developed spoken, written and multimodal resources which may include conversations, audio and video clips, textbooks, advertisements, blogs and magazines. They use their English literacy knowledge of metalanguage to reflect on similarities and differences between French and English language pronunciation, structures and features. They recognise that language choices reflect cultural values, beliefs and identity.

Achievement standard: Years 7 and 8

By the end of Year 8, students use French language to interact and collaborate with others, and to share information and plan activities in familiar contexts. They respond to others' contributions, and recognise familiar gestures, questions and instructions in exchanges. They recognise relationships between spoken and written forms. They locate and respond to information in texts and use non-verbal, visual and contextual cues to help make meaning. They respond in French or English, and demonstrate understanding of context, purpose and audience in texts. They use familiar language, and modelled sentence and grammatical structures to create texts, and demonstrate understanding of how some language reflects cultural practices.

Students approximate French sound patterns, intonation and rhythms, and demonstrate understanding that French has conventions and rules for non-verbal, spoken and written communication. They comment on aspects of French and English language structures and features, using metalanguage. They demonstrate awareness that the French language is connected with culture and identity, and that this is reflected in their own language(s), culture(s) and identity.
